

Venue

Saigon Exhibition & Convention Center (SECC)

VietnamPlas 2011 will be held in the Saigon Exhibition & Convention Center (SECC) which offers a diverse, quality, service oriented facility and enriches the economic and cultural liveliness of the Vietnamese community. As an international exhibition venue, the SECC consists of 4 indoor exhibition halls offering a total of around 40,000 sq mts and an outdoor exhibit space between 15,000-20,000 sq mts. Other facilities being provided by SECC are two high standard international hotels, a convention center offering around 2,000 seats, one high-rise tower, underground parking facilities and many more. At par with all the international standards of excellence, Saigon Exhibition & Convention Center has been constantly delivering successful events and trade shows and is a leading facility in the country.

Why VietnamPlas

VietnamPlas is the largest trade fair for plastics processing industry in Vietnam. It has been hold for more than a decade and built up good reputation among exhibitors and visitors. The exhibition provides a suitable platform for companies who eager to develop and reach new customers and also who want to seek for market trends. Most of participants were satisfied and had positive feedbacks about the fair thus many of them are willing to participate in VietnamPlas every year. Here, we want to invite you esteemed company to join us and make more commerce opportunities possible.

Market Information

1. The plastic sector has grown fast in Vietnam over the past ten years, with an average growth rate of 15-20 percent per year. Plastic packaging earns the most, accounting for 80 percent of the total value of plastic exports. However, the sector still relies heavily on imported materials and production is usually on a small scale with no long-term investment strategies. At present, it needs around 1.5 million tonnes of raw materials each year and the domestic supply can only meet one fifth of this. Up to 90 percent of the 2,000 domestic plastic producers are small and medium sized businesses.
2. Vietnam now ranks fifth in the world in terms of rubber cultivation acreage and fourth in terms of natural rubber export volume. Since global demand for natural rubber was likely to grow in the next decade, driven by economic recovery and growth, the government is planning to produce more than 1.2 million tonnes of atural rubber per year by 2020 from the current figure of 750,000 tonnes which earned US\$1.2 billion.

Organizers Information

- Chan Chao International Enterprise Group was founded in October, 1985 and is the first civil professional exhibition corporation in Taiwan.
- To create a better customer relationship, in the September of 2001, Yorkers Trade & Marketing Service Co., Ltd. was established in Ho Chi Minh City to get a closer contact with our oversea visitors/exhibitors.
- Cooperating with Ministry of Industry & Trade – Vietnam National Trader Fair & Advertising Joint- stock Company, we have organized more than 100 events in Vietnam.
- Founded in April 1975, the Vietnam National Trade Fair & Advertising Company. Vinexad has become a leading company in advertising and exhibition-fairs industries in Vietnam, giving a boost to domestic and overseas trade promotion.
- We organize plastics and rubber exhibitions not only in Vietnam but also other countries such as Cambodia and Bangladesh.

2012/ February 15-18. <http://www.bangla-expo.com/IPFI>

CHAN CHAO

The Biggest Plastics & Rubber Industry Exhibition In Vietnam

Exhibit Profile

Machinery and Equipment for the Plastic & Rubber Industries:

- Auxiliary / Ancillary equipment
- Extruders & extrusion lines
- Injection & blow moulding
- Finishing, decorating, printing & marking
- Welding
- Foam, reactive or reinforce resins
- Preprocessing, recycling
- Measuring, control & test equipment
- Moulds & dies
- Parts & components
- Post processing machines
- Presses

Raw Materials

- Additives
- Adhesive & glues
- Coating compounds
- Fillers
- Foams & intermediates
- Paint resins
- Reinforcing fibres & materials
- Rubber & synthetic fibres
- Starting materials & intermediates
- Thermoplastics & thermoplastic elastomers
- Thermosets

Products of Plastic & Rubber:

- Semi-finished products & technical parts
- #### Services:
- Consultation
 - CAD / CAM / CAE software
 - Professional literature
 - Trade associations of plastics and rubber
 - Standardisation

Who Should Visit

- Manufacturers, processors and users of plastic and rubber products
- Raw material processors
- Trade Associations / Service Organisations
- Management, technical & production, sales & marketing and purchasing personnel

From the following industries:

- Automotive & Transportation
- Building & Construction
- Electrical, Electronics & Mechanical Engineering
- Telecommunications
- Furniture & Furnishing
- Housewares
- Leisure Goods
- Medical & Healthcare
- Packaging

Free Shuttle Bus Registration Đăng kí xe buýt đưa đón miễn phí

A minimum of 10 or more people is required for free bus ride. To Recieve a confirmation 3 day before your bus ride, please quote your mobile number. Cần tối thiểu 10 người trở lên để đăng ký xe buýt miễn phí. Để nhận được thư xác nhận trước 3 ngày khi bạn sử dụng xe buýt
